1. Text, problem 13.52. For each of the five transfer functions, use Matlab to plot the Bode magnitude frequency response. Then, by hand, draw on each figure the straight-line (asymptotic) approximation (e.g., see Appendix E in the text).
2. Text, problem 13.59.
3. Text, problem 13.60.
5. Text, problem 13.63.
